

This document is designed to give Rhode Islanders a better understanding of how we produce, harvest, process, distribute, market, and consume food, and how we dispose of food waste. We have created one for every town and city in the state. Visit rifoodecouncil.org to learn more about where this data comes from.

To learn more about next steps, please check out the RIFPC *Quick Action Sheet* and the *Planning Accessible, Equitable, and Resilient Municipal Food Systems Toolkit* or contact us at info@rifoodecouncil.org to schedule an exploratory conversation.
